

## **Toward Harmony with Nature 26th Annual Conference**

Exhibitors/Vendors – Please join us at the  
Bridgewood Resort Hotel, Neenah, Wisconsin

**Date:** Saturday, February 8th 2025

**Why:** This annual event is presented by Wild Ones Fox Valley Area Chapter and is a major event for those interested in native plant landscapes. This year, we're excited to announce that we'll be hosting at a new location, with facility and parking improvements for all attendees and vendors alike. The keynote will be presented by Heather Holm. Her keynote will be directed at both Native plants and pollinators in a more urban setting.

Heather is the author of four books: *Pollinators of Native Plants* (2014), *Bees* (2017), *Wasps* (2021), and *Common Native Bees of the Eastern United States* (2022). Both *Bees* and *Wasps* have won multiple book awards including the American Horticultural Society Book Award (2018 and 2022 respectively). Heather's expertise includes the interactions between native pollinators and native plants, and the natural history and biology of native bees and predatory wasps. Her work has been featured in the New York Times, Minneapolis Star Tribune, and many local publications.

Following the keynote address the public will be invited to choose from breakout sessions on a large range of topics that will inspire and inform them on how they can plan, plant, and care for native plants on their own property. Our format will allow time for the public to both hear engaging speakers **and to see what our vendors have to offer.**
